Claims 1-6 and 11-16 are currently pending in the instant application, are allowable over the prior art of record and have been renumbered as claims 1-12.

Reasons For Allowance

Applicants amendment filed 20 October 2004 amending claim 1 and canceling claims 7-10, has amended the claims to include only the elected subject matter of the elected invention which is the catalytic reaction of the ammoxidation of propylene or propane to acrylonitrile comprising a step requiring gas-solid contact in a bubbling fluidized bed reactor. Therefore, the objection to the claims is withdrawn and claims 1-6 and 11-16 are allowable over the prior art of record.
